

January 1, 2024

Valued customer,

In the past Tri Star Design has provided your company with quality crusher safety equipment and will continue to provide these services. However, Tri Star Design and ME Elecmetal have decided to work together, thus making it possible for your company to purchase all crusher liner and safety products from one provider.

Moving forward, ME Elecmetal will be the supplier of the Tri Star Design product offering in North America.

Thank you,

x  \_\_\_\_\_

Seth Hunter  
Director of Sales and Marketing
